

Helen Stimson
Senior Vice President and General Manager
Agilent Technologies

Helen Stimson is Senior Vice President and General Manager of Agilent Technologies' Chemistries and Supplies divisions. She is responsible for managing the division Vice Presidents, the Outbound Marketing Communications team, the Supply Chain team responsible for 5 factories, and the business strategy.

Prior to this position, Helen was Vice President and General Manager at Agilent's Consumables Division, supporting both Life Sciences and Chemical Analysis Groups. Before this, she was the Marketing Manager for the Consumables Division.

Helen holds a BA in Chemistry from Lafayette College (1981).
