Lab/Discussion was a helpful class, and an easy transition online.

Very nice and knowledgeable TA, but very slow at grading and giving feedback after the school close due to the virus.

T.A. helped greatly in learning where teacher failed

I think Professor Hotchkiss is a good math teacher with a strong knowledge about the contents in MATH242. However, sometimes he's going too fast in the contents that we learn which is not really a bad thing (I personally able to keep up with the flow), yet many of friends who's also taking the same class would be able to catch up better if he could slow down a little.

Lab was harder online, harder to ask questions when you cannot show TA's screens as easily.

Lab was very helping in understanding what was going on in the unit.

He is a good and qualified math professor and I'm satisfied to have him as my MATH242 teacher!!1
