Response #1	dheer was great
Response #2	Dheer was a wonderful TA and definitely cared about our discussions and labs. He always helped and was open to questions.
Response #3	-
Response #4	Dheer was a good discussion leader. However, sometimes he wasn't clear when I asked him questions during discussion. He would allude to the answer to the question, but wouldn't end up being helpful. He was good at going over problems and was a good discussion leader.
Response #5	My only issue with the graduate assistant was that he was never early. He would only show up as the clock hit 3:30 and this would lead to the class waiting in the hallway before the lab sections.

QID	Question
1117	Additional Comments:
Response #1	n/a
Response #2	Dheer Desai was a great TA. I wish the students interacted with him a little more though. He really gave his all into helping us, so thank you!
Response #3	N/A
Response #4	None
Response #5	He was knowledgeable in calc II, but he was not very good with time management. Many of the discussion sections ended with the class racing to get the worksheet done for credit and many of the classes ended about 10 minutes after it is supposed to end. He answered out questions pretty well and made sure we all understood, but he was just way too slow at times.
Response #6	Didn't properly explain problems, tended to get things wrong.
Response #7	N/A
Response #8	:)
