- Introductions
- Technical presentation - ArcGIS Pro, Esri
- Esri Licensing for UD
- Next meeting

Introductions

- Name
- GIS experience
- Expectations

ArcGIS Pro presentation and demonstration

by Tom Schwartzman,
esri

Esri Licensing at UD

UD has an ELA with Esri,
renewed annually

- UD faculty/staff/some students required to pay to use Esri software
- Cost-share (ArcGIS Desktop or Server is \$185), price changes based on the number of users
- Renewed in August

Central License Server vs
single-use licensing

- Labs – central license server
- Individual users – single use license; must reapply annually
- License Server will be updated on Wed Aug 10 @9am

Esri Software at UD

- UDeploy is a central location for all the software at UD to include GIS
- Latest current version of ArcGIS on Udeploy is 10.4
- In the process of uploading 10.4.1 and ArcGIS Pro
- Send email to consult@udel.edu if missing a software or need help
- List of software is also located on UD-GIS site
<http://sites.udel.edu/gis/software/>
