GIS Software at UD

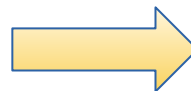

- GIS software is available on [UDeploy](#); software information is available on [UD-GIS site](#)
- Esri ArcGIS 10.5.1, ArcGIS Pro 2.0 are available for download
 - » Esri License server is updated to support both
- Esri released ArcGIS 10.6 and ArcGIS Pro 2.1
 - » Not on UDeploy as UD is on the same version of software for the academic year
 - » ArcGIS Pro is a modern app, it should ask for updates. Esri advises to accept any updates and download/install of the newer version will take place if user is online

Need specialised GIS extension/software?

Run into an issue with Esri software?

Need second provisioning file (per paid seat)?

Require e-Learning or AGOL access (per paid seat)?
