

## MAIN GUIDELINES ON HOW TO PRESENT YOUR EXHIBIT ON YOUR DELAWARE STATE FAIR EXHIBIT ACCOUNT

Please take time to **determine how you can best present your exhibit to the judge**. You will have the ability to upload and share **UP TO 3 PHOTOGRAPHS**.

If your **exhibit is flat and one-sided**, you only need to upload and share **1 PHOTOGRAPH** of it.

If **exhibit has different sides or angles** to see or to assist you in showing any special detail or techniques used, you should upload and share **3 PHOTOGRAPHS**.

Our guidelines shared below for our various classes do offer guidance in many areas as to when only 1 photograph should be necessary. Since exhibits are developed in multiple ways, this guidance can change based on what you are actually exhibiting in a class.

For any exhibit that is operational, you will need to upload **UP TO 1 VIDEO** to show this operation.

NOTE: Printed **entry tags** were provided to you for your exhibits, but they **will not need to be used** in the Virtual Exhibit Showcase. You can use them as a guide to help organize your exhibits.

### **Type of Exhibit:**

Flat (One Sided) Exhibits

### **Examples:**

Photograph, Picture/Drawing, Poster  
Wreath, Plant, Rocket, etc.

### **Picture Upload Requirements:**

Share 1 photograph of exhibit of front side  
(you do **not need** to attach 2 additional photographs for these type of exhibits).

Photography Exhibits

### **Picture Upload Requirements:**

If you have the actual photograph file, upload this file. This is the preferred method to use in sharing this type of exhibit. However, if you do not have file, you will have to upload a picture of your actual photograph.

Dimensional (Multi-Sided Exhibits)

Exhibits that are not flat and one-sided:  
Clothing (showing inside and outside), flower arrangement, container garden, bird feeder, woodworking item, etc.

**Picture Upload Requirements:**

Share 3 photographs: Picture of Front, Side and Back

If exhibit is operational, exhibitor will need to upload a 10-15 second video to show operation of item.

Electrical exhibit, science kit exhibit, any other exhibit that is intended to move or operate, etc.

**Video Upload Requirements:**

Include a 10-15 second video showing the exhibit operating

**CLASS**

**Section A: Cloverbud Exhibits**

1 to 6

Only 1 photograph is required for these exhibits

7

**THIS CLASS IS NOT AVAILABLE TO ENTER AND WILL NOT BE JUDGED**

**Section B: Textiles and Sewing Exhibits**

8 to 58

**Suggestions / Ideas for Photos:**

If exhibit is clothing that is normally worn:

- \*Show clothing item laying on flat surface
- \*Turn clothing item inside out and lay on flat surface (to show construction)
- \*Could show clothing item being worn by exhibitor

If exhibit is not a clothing item to be worn:

- \*Show front of item
- \*Show back of item
- \*Show close up of any detail sewing on item

**Section C: Canning**

59 to 74 **THIS CLASS IS NOT AVAILABLE TO ENTER AND WILL NOT BE JUDGED**

**Section D: Computer**
