The Office of Equity and Inclusion (OEI) firmly believes in providing a platform for underrepresented and marginalized groups to be heard. Designed to champion and provide support to the populations they serve, the Diversity Caucuses represent their constituents and the particular University concerns they may face. Each caucuses serves as a resource, advocate and support system to an underrepresented group.

**Caucuses:** The Diversity Caucuses give voice to issues on campus that directly impact constituent groups by identifying barriers, developing alliances and collaborating with other campus organizations, units, and committees, and communicating institutional progress, goals and strategies through open meetings and reports.

**African Heritage, Asian/Paciic Islander Heritage, Disability, International, Latino/Hispanic Heritage, LGBTQ, Muslim Heritage, Religious/Spiritual and Women Caucuses** have open membership, and offer you the opportunity to network and dialogue with others, play a role in initiatives and programming, and foster a diverse and inclusive work atmosphere.

If you’re interested in joining a caucus (you may join more than one), please visit: [www.sites.udel.edu/oei/about-diversity](http://www.sites.udel.edu/oei/about-diversity)
