

## We are coming to you!

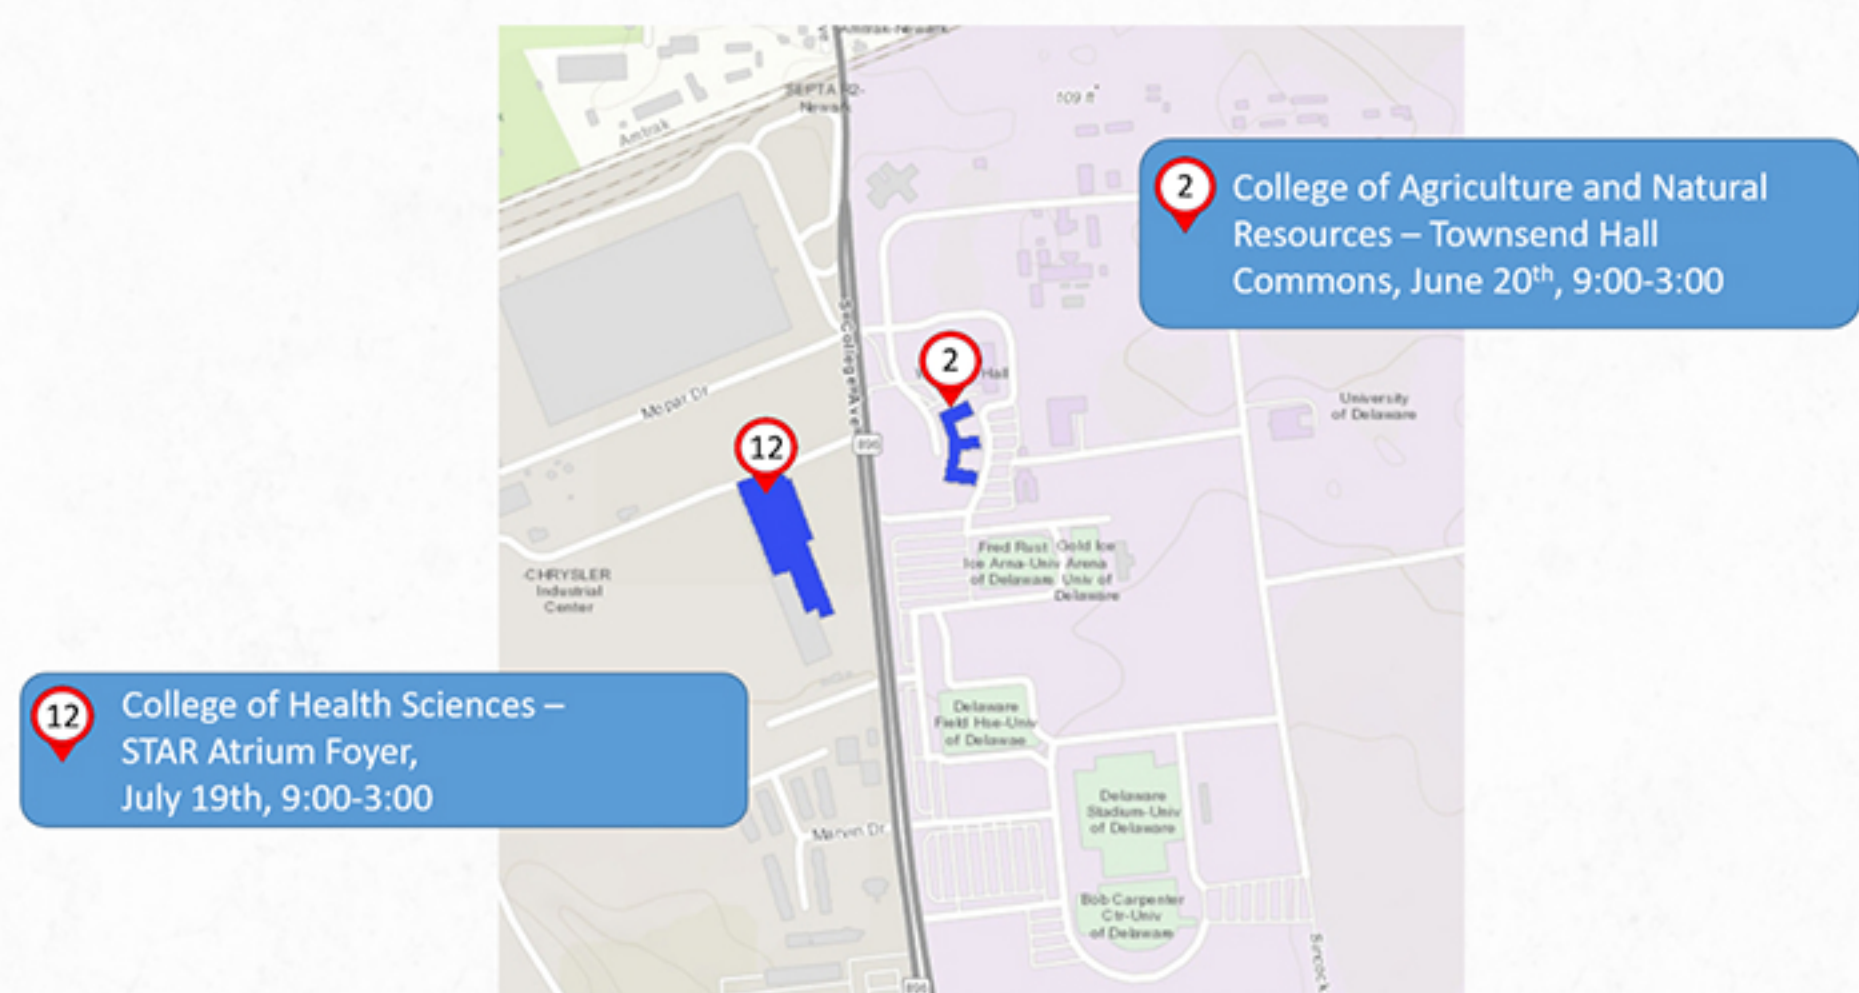

The T2C (Transition to Canvas) Summer College Campus Tour is a rotating tour across campus where members of the T2C Support Team will be available to help faculty: migrate their courses from Sakai to Canvas, learn about the features and tools in Canvas, and design their courses using Canvas.

## Pick the date, time, and place that works for you!

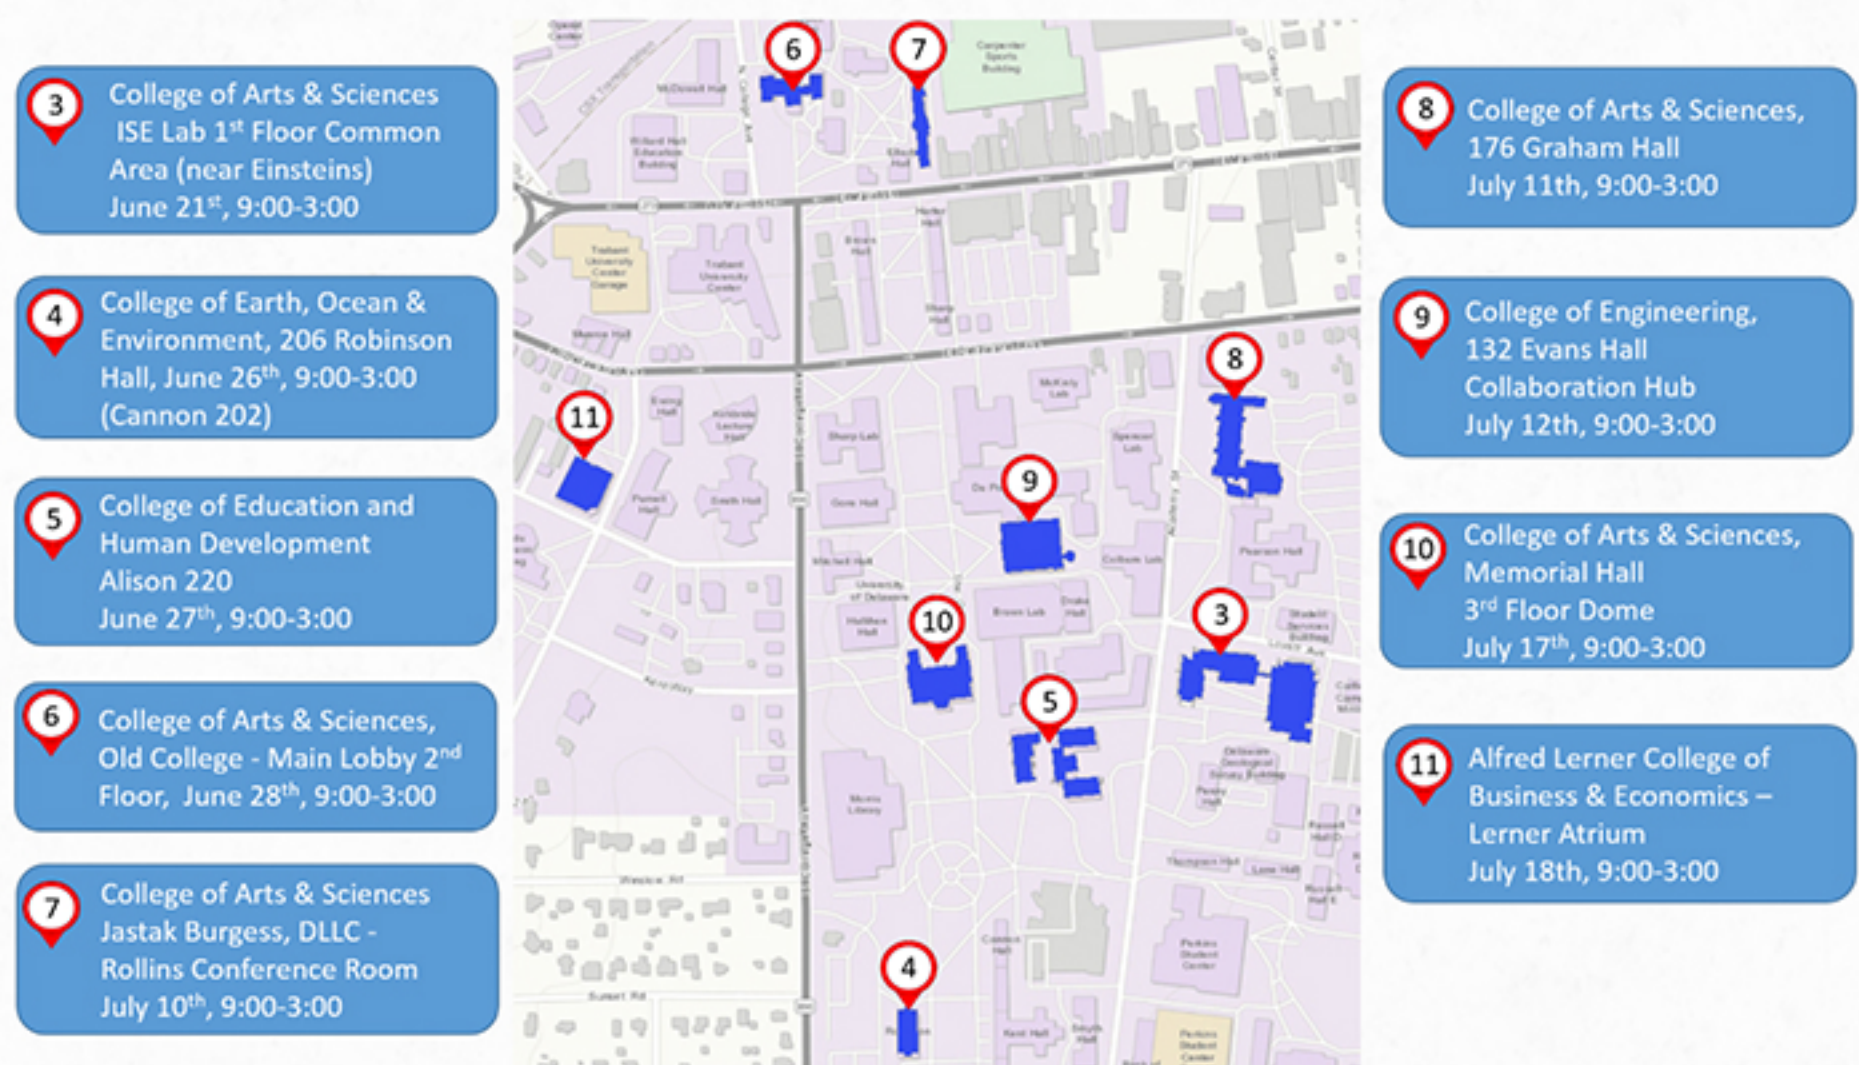

We are starting in Lewes and moving north!

We picked places based on all the colleges, but you are welcome to come to any stop on the tour, even if that is not your college. If it works for you, it works for us!

Lots to choose from on UD's main campus!

Remember: 9:00-3:00 on each date. Drop in and we will be there!
